

ABOUT US

Founded in 2010, Pharma Plus Engineering has been engaging indenting, consulting and trading of Industrial machinery, complete plant, Lab Equipment's, Food and Pharmaceuticals Raw Materials/ ingredients.

We always try to exceed customer expectations through our efficient leadership, engineering excellence, cutting technology and professional approach.

A pursuit of a goal of achieving excellent quality and meeting customers' demands has long been PharmaPlus's commitment to a rigorous implementation of quality control. By upgrading our Industrial machinery, equipment, food ingredients as per the latest technology, we have always been successful in meeting the challenges arising out of the requirements set by the pharmaceutical industries.

OUR MISSION & VISION

MISSION

To constantly improve what is essential for progress by mastering the science of innovative chemistry and the art of customer relationship.

VISION

To be a leading developer and marketer of world class products and services guaranteeing superior value to customers and thus generating repeat businesses on a permanent basis.

OBJECTIVES:

1. To ensure maximum return on investment: Profitability is the key to achieving superior returns, building our capital, and motivating and retaining our best people.
2. To ensure steady sustainable growth in business: Our increasing corporate profits since inception has been manifestation of our steady growth. Amidst a competitive environment, our goal is to take the organization forward with excellence in all our operations. We shall harness and use our distinctive competencies to ensure a long term competitive advantage.
3. To improve the quality of services: Our strength is not in the volume but in the quality of services that we provide. Our clients' interests always come first. We relentlessly strive to anticipate the changing needs of our clients and to develop better solutions to those needs. Our experience tells that if we serve our clients to the best of our ability, our own success follows.
4. To create innovative product and services: Creativeness and imagination is encouraged in everything we undertake. We pride ourselves on having pioneered many products and services that have become standard in the industry.
5. To maintain highest level of ethical standard: We are dedicated to full compliance to the spirit of laws, rules and ethical principles that govern us. Our continued success depends upon unwavering adherence to this standard.

CORE VALUES:

1. We address to client needs promptly, impartially and with utmost importance.
2. We take great pride in our dedicated teams of staff members and will continue to develop their potential and skills at all levels within our organization by rewarding outstanding performance and promoting from within to develop a climate of high expectation and achievement.

3. We remain quality-minded and devoted to uphold our corporate culture.
4. We will retain our position of leadership in this field through our commitment to quality, compliance's, services and values.
5. We will continue personal and corporate involvement in activities benefiting the society and nation.
6. We uphold the values of the communities we are privileged to serve by honoring their traditions and preserving the environment.
7. We pledge to remain alert to economic changes which affect our businesses, and to respond to ever-changing market demands.
8. We will continue to confront all challenges through planning, balanced diversification and orderly growth.
9. We take our responsibility towards our business partners very seriously and are committed to be a model for others to follow.
